

9-7-22

Dear Parent(s):

The long awaited Lego Robotics Club is HERE! Mr. Josh Fenner and Mr. Matt Taylor will be the instructors. They both have a wealth of knowledge in the area of robotics. Last year they did a demonstration for the students and brought in robots. We did fundraising to purchase kits.

When: Mondays (Beginning 9/19/22)

Where: Art Room

Time: Afterschool until 4:30

Grades: 3rd - 6th

*You may want a snack for after school

This is a privilege to attend and best behavior is expected. Students will be “uninvited” if they aren’t following the rules and aren’t respectful of everyone attending. Please make every effort to pick your child up by 4:30, and ASC will be an option if you schedule it ahead of time. Let me know if you sign up and change your mind about attending. It is important for your child to attend each session unless he or she is absent from school.

I am super excited for this opportunity for St. Ann Students. Thank you fo Mr. Fenner and Mr. Taylor for your willingness to bring robotics club to our students!

Sincerely,
Ann M. Bush

Return to your child’s teacher by Sept. 14th

My child _____ has my permission to participate in the after school robotics club on Mondays. He/she understands this is a privilege and will abide by the rules. I will make sure he/she has transportation home after the club.
